EXAMINERS AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Claim 22, line 11, after "...within," , "the" has been changed to --a--, to correct an obvious error.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: Claim 22 is allowable for reasons stated in Remarks. In addition ,in accordance with arguments presented and disclosure, claim 22 terms "retrofitting" and "additional connectivity" are seen to require use of a replacement cover that includes an "added data port " and the limitations are not properly readable on steps of changing one cover for another without inceasing the number of data ports. .Also as noted in Remarks the applied references do not teach the "spring loaded" feature or that an added data cable "be routed within the preexisting electrical box" .

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication should be directed to Neil Abrams at telephone number 571-272-2089
